SUMMARY

As a dedicated Information Science and Engineering student enrolled at Kumaraguru College of Technology, I possess a strong passion for the roles of **Full Stack Developer**, underpinned by intermediate-level proficiencies in **front-end development** and **back-end development**

EXPERIENCE

Frontend Developer Intern

Exaslate

March 2024 – Present, Remote

- Collaborated on a team project to develop the company's official website using **Next.js** and **Typescript**.
- Implemented user-friendly web interfaces with **NextUI** and **Tailwind CSS**.
- Participated in code reviews and contributed to the optimization of web performance.
- Company website - <https://exaslate.com/>

PROJECTS

Tindog Website

alester-davis.github.io/tindog/ • January 2022 – February 2022

- Created an engaging and visually appealing interface to showcase Tindog's features.
- Utilized **HTML**, **CSS**, and **Bootstrap** to develop a responsive and user-friendly website.

MultiSlider Sign-up Webpage

alester-davis.github.io/multi-form/ • February 2023 – February 2023

- Implemented a three-page sign-up process for efficient user registration using **HTML**, **CSS**, and **JavaScript**.
- Ensured client-side validation and responsiveness to enhance usability.

User Registration System

IQube Innovation Centre • github.com/Alester-Davis/iqube_pms_task • October 2023 – October 2023

- Developed a registration system with unique invite links using **Node.js** and **Express.js**.
- Validated invite link uniqueness to prevent duplicate registrations.
- Restricted registration to admin-provided invite links.

Portfolio and Blog Webapp

blog-site-three-theta.vercel.app/ • January 2024 – Present

- Currently creating a blog webapp with admin functionality for posting blogs.
- Designing a portfolio section to showcase the admin's projects and achievements.
- Developed using **React.js**, **Node.js**, **Express.js**, and **Tailwind CSS**.

EDUCATION

Bachelor of Engineering in Information Science and Engineering

Kumaraguru College of Technology • Coimbatore, Tamil Nadu, India • 2025 • 9.515

- Eligible candidate for MGM Scholarship for the years 2022 and 2023

SKILLS

Languages : C ,Python ,Java ,Javascript , HTML ,CSS ,Typescript

Frameworks : React ,Node.js, Express.js ,Next.js

Databases : MySQL ,MongoDB ,Postgresql

Cloud : AWS

Version Control : Git

API : REST Api
